DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on July 6, 2005 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): applicant has added a new species claim, claims 35 and 39 where only generic claims were previous presented. As stated in MPEP section 809.02(d):

"If after an action on only generic claims with no restriction requirement, applicant presents species claims to more than one species of the invention, he or she must at that time indicate an election of a single species." See 37 CFR 1.111. Thus, to be considered fully responsive, applicant is required to select a specific species from claims 35 (i.e. elect one species listed hyperlipemia or arteriosclerosis or coronary arterial disease or myococardial infarction or cerebral thrombosis or cerebral vascular accident or sequela of cerebral vascular accident or chest pain or stomachache or physical injuries or puerperium pain or menstruation pain or hematemesis or bleeding or apistaxis or external bleeding or kidney malfunction or melana or endermic bleeding or internal bleeding or bleeding unduced from wounding) and from claim 39 (elect one species listed zinc ion or magnesium ion or chromium ion or iron ion or aluminum ion or copper ion or calcium ion or cobalt ion or barium ion or strontium ion or zirconium ion).

Since the above- mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR

1.136(a).

Future Correspondence

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Susan B. McCormick-Ewoldt whose telephone number is (571) 272-0981. The Examiner can normally be reached Monday through Thursday from 6:00 a.m. to 4:30 p.m.

If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Bruce Campell, can be reached on (571) 272-0974. The official fax number for the group is (571) 273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
